

# Prefinished Boral TruExterior™ Siding

Carolina Colortones offer prefinsihed Boral TruExterior™ Siding and Trim, an entirely new category of exterior siding products. It contains an exclusive poly-ash structure and consists of 70% recycled material, making it a market leader in true sustainability and environmental stewardship. It offers the look and feel of traditional wood siding with phenomenal performance and durability even in the most severe climates, has a high level of dimensional stability during periods of moisture and temperature change, and resists rotting, cracking, splitting, and termites.

## Easy to Install

- ◆ Easy to cut, drill and mill
- ◆ Accepts a wide variety of fasteners
- ◆ Doesn't require special adhesives or other cumbersome and costly installation techniques
- ◆ Standard woodworking tools and methods can be used
